

1 Pada fitur search, cari **Setting** lalu klik.

2 Search **VPN Settings**.

3 Pilih menu **VPN**, lalu **Add a VPN Connection**.

4 Isi form **Add a VPN connection**, lalu **Save**.

A screenshot of the 'Add a VPN connection' dialog box. The form contains the following fields: a dropdown menu for 'VPN provider', a text input for 'Connection name', a text input for 'Server name or address', a dropdown menu for 'Type of sign-in info' (currently showing 'User name and password'), a text input for 'User name (optional)', a text input for 'Password (optional)', and a checked checkbox for 'Remember my sign-in info'. At the bottom right, there are 'Save' and 'Cancel' buttons.
